

**Coding has never been Cooler!**

# **Introduction to Java**

**CIS170**

**This Course Counts as a Programming Course**

*This Course Is Part of the Web Design Degree and Certification*

**Prerequisite: CPS 111 and a programming course**

Students for whom concepts such as Windows, menus, Web pages, and the Internet are familiar will use Java to create applets and programs for Windows applications. This course covers the Java programming environment, control structures, arrays, strings, characters, graphics, files, Java utilities, and bit manipulation.

**August 23rd to December 15th**

**Wednesday 5:00 PM – 7:00 PM**

**Contact: Xiaoling Gan or Cynthia Walley**
