Morton College and the Morton College Foundation sponsor, and provide funding, in the form of scholarships, grants, and awards listed in this booklet.

The Morton College Foundation relies on the generosity of alumni, faculty, staff, private individuals, businesses, communities, and benevolent organizations for sustained financial support.

Student financial assistance covers approved educational costs such as tuition, fees, books, and other expenses as directed by each donor. The award amounts represent the maximum monetary value to be awarded during the Fall and Spring semesters during the academic year. Students are responsible to meet the fund’s eligibility criteria in order to receive financial support.

The Morton College Financial Aid Scholarship Committee selects the recipient(s). Meeting minimum requirements does not guarantee that an applicant will receive an award. Morton College and the Morton College Foundation reserve the right to suspend the presenting of an award.

Descriptions of individual scholarship requirements are listed in the following pages. To qualify for one or more of these scholarships, please submit the application at the end of the packet along with any other required information to the Financial Aid Office.
