Times Tuesdays & Thursdays 4-6:15pm
August 21th to December 6th
Fee \$250 *

*a discount is available for members of specific student clubs - please contact Jody Davidson for more information

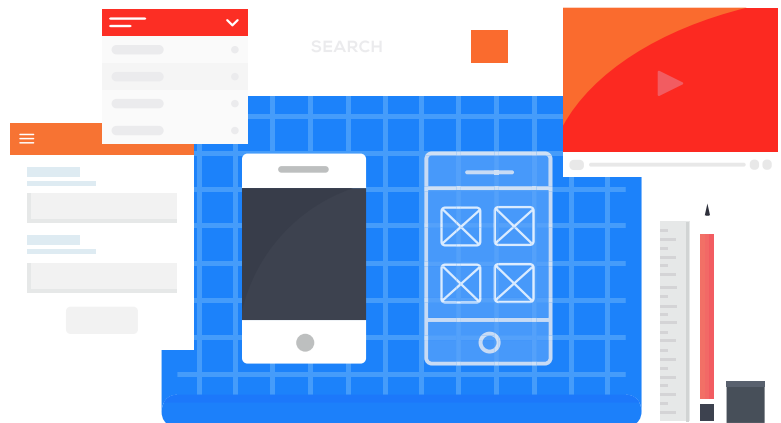

Course Description

Intro to App Development with Swift is designed to help students new to coding build a solid foundation in programming fundamentals using Swift as the language.

Throughout this course, students get practical experience with the tools, techniques, and concepts needed to build a basic iOS app from scratch.

Students will also learn user interface design principles, which are fundamental to programming and making great apps.
