Associate in Applied Science Degree Nursing Program (NUR) Fall 2025 Admission

Revised: 4/12/2024

Name ID #

Although the AAS in Nursing is a career program, some colleges and universities will accept credit from this program. Many schools offer unique 3 + 1 RN to BSN completion programs enabling Morton Nursing Graduates to complete their BSN in an accelerated timeframe. The program builds upon previous knowledge and experience gained in Morton's associate degree program, and is designed for the working RN who wants a cost effective, quality education. Students who intend to transfer to other four-year colleges or universities should consider an Associate in Science (AS) degree program. Consult with an Academic Advisor for more specific information.

Program Prerequisites: (Must be completed by the end of spring 2025 with a minimum grade of "C")

BIO 203 (4) – Anat. & Phys. I (Fall 2020 or after - Requires Pre-Requisite CHM 100 or BIO 102) PSY 101 (3) – Introduction to Psychology ENG 101 (3) – Rhetoric I

- Passing score on ATI TEAS Exam (minimum composite score of 60% <u>as well as 60%</u> per section)
 - o Exam consists of English and Language Usage, Math, Reading and Science
 - Applicants are allowed one attempt per application cycle (may transfer scores if taken elsewhere)
 - Score is valid for 2 years from date of administration
- Mandatory attendance at a Nursing Information Session during the current application cycle (September 26, 2024 through January 16, 2025). Prior year attendance <u>DOES NOT</u> rollover.

Program Requirements:

Fall 2025 Spring 2026

NUR 107 (4) – Foundations of Nursing I

NUR 108 (5) – Foundations of Nursing II

NUR 119 (4) – Nursing Care of the Adult I

NUR 110 (2) – Clinical Judgement in Nursing

(12 credit hours)

Fall 2026 Spring 2027

Student Notes:

Science courses must have been completed within the last 5 years (Fall 2020 or after). All program required general education classes must be completed with a minimum grade of "C" or better. However, please note that program requirements must be completed with a minimum CUMULATIVE GPA of 2.5.
